Last week the children participated in Japanese Day. They had a lot of fun rotating around all different types of activities. They looked fantastic in their Japanese themed casual clothes. A big well done to Miss Berriman for making it such a successful event!

“I made an origami fish” Liam 1E

“My favourite bit was watching Doreamon” Kai 1M

“On Tuesday it was Japanese Day. I like the origami activity” Delta 1C

“On Japanese Day I liked making origami fish and painting blossom trees” Jonah 1S

Mother’s Day Message:

We hope you had fun in your child’s classroom on Mother’s Day! We hope you were spoilt on Sunday!
**7 HABITS AT HOME**

The Parktone Community has learnt a lot about the 7 Habits and we are learning how to apply these habits at school and in our daily lives. The ideas included here are to help your family use these habits at home.

Think of a number of ideas as a family to balance body, brain, heart and soul.

**BODY:** play outside, ride your bike, take breaks, eat right and in portions, gardening, swimming, go for a walk, rest and sleep

**BRAIN:** make smart choices about what to watch on TV; read a book; do a puzzle; interesting conversations; quick mental mathematics questions (times-tables, 6 + 4, etc.)

**HEART:** do what makes you happy; spend time with friends and family

**SOUL:** find something or someone that inspires you; keep a journal to express your thoughts; listen to some music; meditate.
