Welcome to Week 1, Term 2!

Our last week of Term 1 saw the children complete their “Game of Life” board game. They had so much creating and playing the game whilst learning about the importance of the community and the support our friends and family provide for us.

4M boys having a great time playing their Game of Life!

4A Zoe designing her Game of Life

4G enjoying an end of term musical performance
This week in Grade 4:

**Literacy:** This week students will be looking at adverbs and how the influence they have on a sentence.

**Writing:** This week students will revisiting the 7 Habits and goal setting for the new Term.

**Mathematics:** This week will see explore addition and subtraction of 2 and 3 digit numbers.

Other information:

**FLICKR ACCOUNT SET UP**

We now have an exciting way in Art to view your Child’s work. Mrs Poulter has set up a flickr account where you can view your child’s work. Click on the link below and then select your child’s class to view their work, enjoy!

Science Fact from Ms Ziogos

Did you know that electricity plays a role in the way your heart beats. Muscle cells in the heart are contracted by electricity going through the heart. Electrocardiogram (ECG) machines used in hospitals measure the electricity going through someone’s heart, when the person is healthy it usually shows a line moving across a screen with regular spikes as the heart beats.

**Art Room Resources needed**

If any families have wire coat hangers and blocks of wood from building projects the art room would love to take them of your hands. These will be used across some year levels to create indigenous sculptures over Term 2. Your donations would be greatly appreciated.

Mrs Poulter - Visual Art

Hoping you had a wonderful holiday and are looking forward to the new term ahead,

*Jo Moriani 4M, Arran Armitage 4A,*

& *Sophie Glover 4G*
