Year 1 students have been very busy at school this term. Last week all students began learning their School Concert dance.

It was National Tree planting day last Friday. Students were able to join in on the fun!

Year 1’s dancing away with their buddies!

Learning the dance moves with our instructor Georgia.

We have so much fun during reading rotations!
Create a list of things your child needs to accomplish throughout a week. With your child, rank the tasks in importance. Then rewrite the list in order of importance. Use a planner or calendar to schedule time so that the important things are done first.

Congratulations to our Stars of the Week!

Many thanks :)
