We have been sending home a lot of notices lately. Please ensure you are checking folders on a nightly basis and removing these notices. This way we know you have received them.

Last Monday the Preps all brought their teddies to school for a Teddy Bears Picnic! We all went on a bear hunt and found Mr Danson dressed as a bear hiding in the sports shed! After the picnic our teddies had a sleepover at school. In the morning we found out that the teddies had been having a party in our classrooms!
7 HABITS AT HOME

The Parktone Community has learnt a lot about the 7 Habits and we are learning how to apply these habits at school and in our daily lives. The ideas included here are to help your family use these habits at home.

Pick a chore or task that you have not been asked to do. Do it before you are asked. See if someone noticed. Talk with your family about your choice or the task you chose to do.

SCIENCE FACT

Did you know that, the Sun doesn’t boil the sea to create water vapour. Heat energy is used to break the bonds that hold water molecules together; water evaporates easily at the boiling point (100°C) but evaporates much slower at the freezing point (0°C). Water does not need to boil for evaporation to occur.

Other Reminders / Notices

HOMEWORK

Just a reminder to login to Mathletics to complete the set weekly homework task. Tasks will be set on a Monday and should be completed by Friday afternoon. Login details are pasted into the front of your child’s diary.

Please continue to keep reading “take home books” every night with your child and return them to school the following day in communication folders.

FRUIT SNACK

We have two fruit snacks in Prep. Our Preps need a lot of energy to last the day, so could all parents please provide enough fruit for two fruit snacks so our little ones don’t get hungry.

Congratulations to our Stars of the Week!
