Our week in Grade 2

Last week in Grade 2 we began our work on fairytales and look forward to writing our own this week. Our incursion this Thursday will be a great opportunity for our students to further their learning by acting out different plays as part of the ‘Fairytale Fiasco’ program.

As the concert comes closer we are encouraging all students to practise singing and dancing as much as possible for what will be a fun night on Thursday 3rd September. The concert notice is also at the end of this Home Communication with all the details.

Have a great week!

We also are practising singing ‘True Colours’ by Cyndi Lauper as our whole school song if your child would like to practise singing at home too.

Thanks for your support!
Science Fact with Ms Ziogos

Did you know that Saturn is very light as it is made up of more hydrogen than helium so it is less dense. If we could fit Saturn into a bathtub it would float (but that would have to be one big bathtub!). Like Jupiter, Saturn has many moons which surround it.

7 HABITS AT HOME

What feeling? Take turns acting out feelings (happy, sad, bored, hurt, angry, hungry, etc.) without words. Try using appropriate actions rather than exaggerations.

Repeat. Try saying the phrase “I didn’t say you did it” varying the tone of voice and emphasising a different word each time and discuss the way it changes the meaning.

Star of the Week

2C— Max F for proactively volunteering to promote the Friendship Bench at assembly. You showed confidence, and demonstrated leadership when speaking in front of the school.

2W— Carla—For having a great week by joining in our Reading Groups and working well. Keep it up!

2MV— Will—For his amazing reading and positive attitude in class. Thanks!

2JW— Millie—For Putting First Things First in her fairy tale writing.
